Timely Advice to Democrats.

A Circuit Judge and a Commonwealth's Attorney for this district and a complete list of county offices will be chosen one week from next Monday. At the present time but few of the Democratic nominees have any opposition, and they are not likely to have any on the day of the election, notwithstanding all the bluster and blow on the part of the Republicans.

The only active opposition will probably dwindle down to a fight for the offices of Sheriff and Jailer. Devine for the former and Dawson for the latter place are the only Republican nominees who have shown any "sticking" qualities, and they will likely run the race through. At least the indications point strongly in that direction now. If they are faltering themselves with the delusive idea that they stand any better show of winning than their friends on the ticket did, who declined to face the music, then they are doomed to bitter disappointment. In the persons of Dan Perrine for Sheriff and Dennis Fitzgerald for Jailer, the Democrats have placed before the people two men against whom nothing but words of praise can be spoken. They are just completing their first term in the offices, and we challenge any county in the State, or outside of it, to produce two officers more deserving and more worthy of a hearty endorsement from the people. Not a breath of suspicion, or a fault can be brought against their official career. Earnest, attentive and active, they are ever found at their post of duty; prudent and economical, they are ever watchful of the county's interests. The same is equally as true as to the rest of the ticket, from the highest to the lowest nominee. The official record of those who have served and are serving the county is clean; the nominees are all worthy, and the ticket is one every man can support. But Perrine and Fitzgerald, it seems, have been singled out for the attack, and the Republicans will try to defeat them, if possible; if not, then to cut down their majority. Will the Democrats of Mason allow this to be done? Will they permit two of their most deserving nominees to come out of the fight by reduced majorities? We think not; but if they do, the fault will be with the party alone. The Republicans use money to further their plans, and will use it, if they see the ghost of a chance of winning. Let the Democrats be watchful! Let them poll the full party vote, and poll it for all the nominees. Then, too, a racing majority in August will place the party in good fighting trim for the congressional election next fall. Let every Democrat do his duty.

The ticket.

WHAT OF IT?

It's composed of good men.

MOREOVER, it will be elected by a hand-some majority.

It is one of the strongest ever nominated in this country.

The Democrats owe it to themselves and the party to poll the full vote for the ticket on the 2nd day of August.

The Mexican Pension Bill is not yet a law. It has not been signed by the President and will hardly reach him at this session. Applicants need not be in a hurry.

JUDGE COLE will convene a special term of the Rowan Circuit Court to-day, and it is to be hoped the desperados who have brought such disgrace upon the State will be brought to punishment.

The Democrats should roll up such a rousing majority at the election one week from next Monday, as would force the Republicans never to think of a "full ticket," or any other kind of a ticket, again.

The Congressional convention in this district will consist of eighty-two delegates, distributed as follows: Mason, 13; Bracken, 9; Boyd, 6; Robertson, 2; Nicholas, 7; Lewis, 6; Fleming, 8; Greenup, 5; Bath, 6; Rowan, 4; Carter, 6; Lawrence, 7; Johnson, 10; Martin, 1. It will require forty-two votes to nominate.

CLEVELAND'S liberal exercise of the veto power has had its effect. The River and Harbor bill appropriated \$15,000,000 when it left the House. The Senate increased this to over \$18,000,000. Cleveland intimated that the bill would be vetoed if it came to him in that form, and now a horizontal reduction of 25 per cent has been made—amounting to over \$4,000,000.

The Lexington Transcript says: "Hon. C. J. Bronston has decided not to go to Rowan to aid in the prosecution of the outlaws of that county. At the last session of the Legislature the fee for special prosecuting attorney was placed at six dollars per day. After paying railroad fare, hotel expenses, etc., there would be but very little left from this amount, and as he is not working for glory, he has concluded not to go."

CHANGING INTO A DESERT.

COLORADO PLAINS DRYING UP AND THE INHABITANTS SUFFERING.

Wild Animals Becoming Tame Under the Influence of Thirst—Cutting of Irrigation Ditches—Cattle Dying—Danger of Bloodshed—Denver's Water Supply.
DENVER, Colo., July 21.—The great plains are hot and parched and daily they are becoming more like the veritable desert of the pioneer days. Not for many years has there been such a scarcity of water in Colorado, and especially in the region of the Plate. Vegetation is becoming brown and crisp. The grass is withered, wells are drying up, irrigation ditches are dry, crops are burned up by intense heat. Cattle are dying, and at some points on the plains the people are almost perishing for water.

Pitiful are the tales told by ranchmen of crops destroyed, cattle perishing and their families in great danger of suffering. Reports from the ranches of the Colorado and Kansas line present a terrible state of affairs. This section seems fate to disaster and misfortune. Last winter it is estimated that 100 people lost their lives in the state from the effects of the intense cold and the want of food. Now they are scouring with an intense heat that is bringing ruin and disaster. No emigrants for many years had suffered such extremes of heat and cold as have the people of Colorado.

Induced by the favorable reports of the rainfall of the two previous years, and influenced by the commonly accepted theory that the rainfall is each year increasing and rain centers moving westward, hundreds of ranchmen have attempted raising crops without irrigation, but the present season has been a very unfortunate one, not only the crops totally destroyed and stock dying, but the unfortunate ranchmen and their families are in some places suffering for want of water. The streams of water which they depend on have been captured by boys from the ranches. The reports from all the ranchmen confirm the statement that unless water is procured the suffering among cattle will result most fatally, and that the ranchmen have no hope of saving their herds.

There are in many cases all the ranchmen possess; to lose them would be most disastrous. In fact, as one ranchman expressed it, "as one ranchman expressed it, it is a matter of life and death to them. The great stock ranges, which have been suffered more in the southern sections, and many have perished."

The head has been rushed through the state from the dry regions of the Northwest. The Rio Grand river has a good volume, but the Arkansas and Plate rivers are low, and at some points the Plate is now so low that the great irrigation ditches and many small tributaries which have arisen over the irrigation problem in many places along the Plate the ranchmen are armed, and will fight unless they obtain their rights. The big ranch owners, however, are fighting, with little success, and the feeling is very bitter. There have already been several encounters, but no loss of life has yet resulted. Representative ranchmen from the plains have held a convention in Denver, and if it is successful, will call a meeting of all the ranchmen in the surrounding trees during the winter season. In fact, it is contended by some scientists that all evergreen trees have this infestation—Chicago News.

Four Days Without Food.

ST. FRANCIS, Miss., July 21.—Two members of the crew of the *Levi J. Weston*, belonging to the American schooner *Lizzie J. Greenleaf*, of Gloucester, Capt. McIntosh, went ashore in a dory on Grand Bank, and were without food for four days, when they sighted a French bark anchored on the rocks, where they were taken off by the French schooner, *Ramplacen*, and landed at St. Pierre-to-day.

Anarchists Sentenced.

MILWAUKEE, Wis., July 21.—Frank Hirth, Carl Simon and Anton Palm, Anarchists, convicted of conspiring to burn the U.S. Customhouse, and inciting persons to do acts of violence, were sentenced by Judge Stearn to nine months each at hard labor. The limit is one year. Hirth and Simon made addresses justifying their conduct, and the latter became quite violent in denouncing his conviction.

Chesapeake & Ohio Cut-off.

New York, July 21.—Mr. C. P. Huntington says that the Chesapeake & Ohio, the Columbus & Hocking Valley, and the River division of the Ohio Central, have made a traffic agreement. It is claimed that this gives the Chesapeake & Ohio a monopoly to the lake, and a large traffic in iron ore from Virginia to the Hocking Valley. The Hocking Valley road also secures a coast connection.

Found Dead.

MORRISTOWN, N. J., July 21.—Mrs. William Ennis was found dead in a building at Market and Main streets. She was horribly beaten. Her husband and John Ennis were found drunk in another part of the building. The coroner's jury found a verdict of murder by persons unknown. Ennis was held for murder and Eggers as a witness.

Suicided in His Wife's Presence.

EVANSTON, Ill., July 21.—John G. Elmer, of this city, committed suicide by shooting himself through the head in the presence of his wife. He left a note to his employer, stating that he was short \$175 in his account, which his wife would settle. He was twenty-five years old.

Man Stage Stopped.

MT. VERNON, Man., July 21.—The 12:45 express from New York ran into a gravel trap near the elevator in Bridgeport smashing several of the gravel cars and killing and wounding a number of passengers on the train. The exact number is not known. None of the passengers were injured.

Several Farmers Killed.

BROOKFIELD, Conn., July 21.—The 12:45 express from New York ran into a gravel trap near the elevator in Bridgeport smashing several of the gravel cars and killing and wounding a number of passengers on the train. The exact number is not known. None of the passengers were injured.

State Farmers' Fardous.

OTTAWA, July 21.—The government has pardoned Gabriel Dumont and Pierre Dumais, the bravest of Sioux followers, and reinstated the forfeiture of their land and effects. The only state prisoners still held are Big Bear and three others who were concerned in the Frog Lake massacre.

The Tube Manufacturers.

OTTAWA, July 21.—At a meeting of the National Association of Tube manufacturers here to day the scale of prizes adopted at the last meeting in New York was reaffirmed. The annual prize will be in Philadelphia August 29. Trade is reported fairly good.

Prisoners Lawyer and Legislator Dead.

ROCKWOOD, Vt., July 21.—P. P. Moore, died yesterday, aged eighty-two. He had been a member of congress, and a prominent lawyer and legislator in Vermont for half a century.

WOMEN ARTISTS IN PARIS.

The Hard-Working Element and the Numerous Correcting the Students' Work.

The hard-working element is mostly composed of Finns, Danes and Norwegians—northerners to whom art is a terribly earnest thing and who rarely, if ever, mingle with the more frivolous French students and English society. During the ten months of repose which is allowed to the model every hour these serious ones collect in little knots, and in curious languages (which sound vaguely like German) get up and hardened models for observation and they discuss each other's work, or else one and the others make pencil sketches of her.

It is curious to know what a large percentage of these northerners there are in nearly every studio. The girls are not all, however, with a definite object; their average or work is consequently high, and, although they do not join in the general "frivol" of the studio, they are always ready to help a struggling beginner, or to give a lesson to a student who is in difficulties. There are generally two professors, who come twice a week to correct the students' work, one in the morning, the other in the afternoon. Their arrival is looked forward to with a joyful joy. You hear a heavy step on the stairs, and then the door opens, and everyone begins to rub out suddenly found faults with frenzy, as Jacques, the garcon, comes in to make up the fire, or a model comes in to pose.

However, when, after many false alarms, the professor really appears, the joy of anticipation is lost in the horrid discovery of the mistakes which seem to break out all over the paper. You feel as if you had been born never and never again. When you descend from your high stool, to allow him to ascend in your place, your terror has not unfrequently so quickened your eye that you know instinctively what he will correct parts with which you yourself had scarcely glanced. It is a terrible moment. Then he passes on, leaving what had been a sufficiently self-satisfied young woman a broken-hearted ruin.—Magazine of Art.

Planting Evergreens Among Fruit Trees.

Michigan fruit growers claim that pine trees scattered through an orchard have a beneficial influence in driving away the moth of the apple and apple tree worm, supposed to be the strong effluvia issuing from the top of the pine. Others assert that the pine in all its varieties throw off constantly in cold weather a large amount of warmth or heat, which is very beneficial to the surrounding trees during the winter season. In fact, it is contended by some scientists that all evergreen trees have this influence—Chicago News.

THE BEST

boon ever bestowed upon man is perfect health, and the true way to insure health is to purify your blood with Ayer's Sarsaparilla. Mrs. Eliza A. Clough, of Arlington, Va., writes: "I have used Ayer's Sarsaparilla and enjoy it more than any other medicine I have used." J. W. Starr, Laconia, N.H., writes: "For years I was troubled with serious complaints. I tried several different preparations, which did me little, if any, good. Two bottles of Ayer's Sarsaparilla effected a complete cure. It is my opinion that this medicine is the best blood

Blood

purifier, it is very much superior to any other preparation of Sarsaparilla. All persons of serofious or consumptive tendency, especially those who are debilitated, are sure to greatly benefit by its use." J. W. Starr, Laconia, N.H., writes: "For years I was troubled with serious complaints. I tried several different preparations, which did me little, if any, good. of the day." C. E. Upton, Nashua, N.H., writes: "For a number of years I was troubled with a humor in my eyes, and unable to obtain relief until I used Ayer's Sarsaparilla. I have taken several bottles, am greatly benefited, and believe it to be the best of blood purifiers." R. Harris, Creek City, Indiana, writes: "I have been an intense sufferer, with Dyspepsia, for the past three years. Six months ago I began to use

AYER'S Sarsaparilla

It has effected an entire cure, and I am now as well as ever."

INDIGESTION

To strengthen the stomach, create an appetite, and remove the horrible depression and despondency which result from Indigestion, there is nothing so good as Ayer's Pills. These Pills contain no calomel or other poisonous drug, act directly on the digestive and assimilative organs, and restore health and strength to the entire system. T. P. Bonner, Chester, Pa., writes: "I have used Ayer's Pills for the past 30 years, and am satisfied I should not have been alive to-day, if it had not been for them. They

Cured

me of Dyspepsia when all other remedies failed, and their occasional use has kept me in a healthy condition ever since." L. N. Smith, Utica, N.Y., writes: "I have used Ayer's Pills for Liver troubles and Indigestion, a good many years, and have always found them prompt and efficient in their action." Richard C. May, New York, writes: "After much suffering, I have been cured of Dyspepsia and Liver troubles

By Using

Ayer's Pills. They have done me more good than any other medicine I have ever taken." John Burdett, Troy, N.Y., writes: "I have used Ayer's Pills, and was rendered miserable by the horrors of Dyspepsia. Medical treatment afforded me only temporary relief, and I became reduced in flesh, and very much debilitated. A friend of mine, who had been similarly afflicted, advised me to try Ayer's Pills. I did so, and with the happiest results. My food soon ceased to distress me, my appetite returned, and I became as strong and well as ever."
